

**10th International  
Lessons Learned Conference**  
Queenstown New Zealand  
15 – 18 May 2017

# Weather in Queenstown

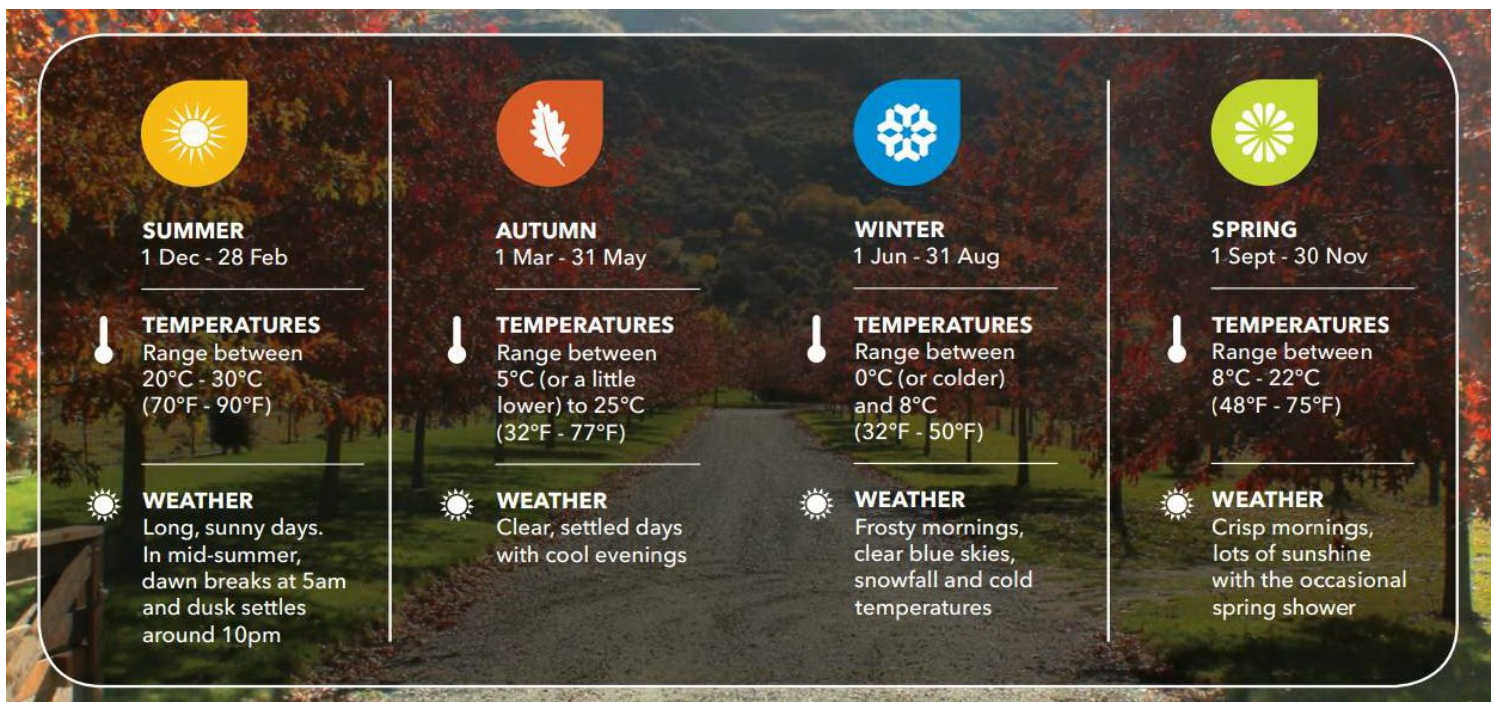

Figure C: Overview of seasons and temperatures in Queenstown

1. Weather conditions during the month of May in Queenstown are cool but normally fine.
2. However attendees are recommended to review the [MetService Website](#) at least ten days before the conference.
3. The optional cultural activity on Thu 18 May 2017 will be conducted outdoor and three options will be presented to attendees on Day 1 of the conference. Attendees will be expected to select a preferred option for the cultural activity. Further information will be sent out once attendees have registered.
